# ALUMINIUM VENETIANS

Aluminium venetians are still one of the most popular window coverings available. The quality and materials used ensure your venetians will give you years of excellent service.

## Options:

- Slimline 25mm slat.
- Traditional 50mm slat.

Light control made easy with the flick of a wand. All our Venetians are made from quality aluminium slats and steel head and bottom rail for added strength.

## Don't want to block out the light?

We also offer Venetians with perforated slats that allow just enough light to pass through while in the closed position without losing your privacy.

# VERTICAL BLINDS

Vertical Blinds help you control light without losing privacy. We offer a variety of blade widths and colours. Vertical Blinds are both practical and affordable.

All our tracks include self aligning carriers that ensure slats will hang in line every time.

Our heavy duty track is available in 14 modern colours to compliment the decor of your home.

## Options include:

- Chainless bottom weights
- Pelmet
- Wand control.

# ROLLER & SUNSCREEN BLINDS

Still the most affordable way to decorate a window.

## Operation

For ease, today's Roller Blinds can be operated using a rotation chain or the traditional spring. We also offer motorisation, an excellent option for high or hard to reach windows.

Roller Blinds offer an affordable yet modern solution to both heat and light control. Available in a wide range of colours and finishes and with our extensive range of fabrics, you'll be certain to find what you're looking for. Roller Blinds are still one of the most practical, value for money window coverings available today.

## Sunscreen Roller Blinds

Sunscreen fabrics have gained in popularity over the past few years. This style of blind is ideal for windows where you want to maintain a view without darkening the room and still maintain privacy. Sunscreen Roller Blinds are available in a colour to suit your decor.

# FOLDING ARM AWNINGS

Folding Arm Awnings allow so many options. Create an entertaining area which is protected from the sun all year round.

**Choose from:**

## Standard

This option can be fitted in a variety of ways to ensure you have the right amount of room and coverage required. This awning also offers an adjustable feature called "variable pitch" allowing the awning to be adjusted for both summer and winter conditions. Available in both manual operation and motorised.

## Manual

Using a crank handle to extend and retract.

## Motorised

Effortless operation using either a switch or remote.

## Semi Cassette

Performs like the variable pitch option, with the look of a cassette.

## Cassette

Fully enclosed within an extruded pelmet to completely hide the awning when closed. Available in remote control only.

# eZIP BLINDS

## eZip

Looking for that touch of class? eZips are perfect for alfresco areas, pergola's and veranda's as they suit both narrow and wide openings. A fully enclosed Colourbond head box provides a neat finish to your outdoor area. eZip is built to handle strong winds. The fabric locks into the side tracks making it impossible for the fabric to blow out. The construction is finished off with heavy duty side tracks and a heavy duty bottom rail.

Choose from our Sunscreen fabrics with a large range of modern colours or opt for the PVC fabric available in either clear or tint.

We offer the choice of either, manual, crank or motorised operation (using Somfy motors).

Available in 5 modern colours with the option of custom powder coating, the eZip will add a touch of class to your outdoor area and allow protection from the sun, wind and rain all year round.

# POLYCARBONATE AWNINGS

Homes need awnings for many reasons - protection against the wind, rain and sun or simply to add to the look of your home.

No one wants to diminish the natural light streaming through the house making polycarbonate a perfect option. With the choice of clear, translucent or tinted panels you get to choose the best look for your home.

## Why choose Polycarbonate?

- Lets in light and keeps out heat
- 200 times tougher than glass
- Variety of shapes available
- Cost effective alternative to glass
- 99.9% UV protection
- Available in 8mm Twinwalled polycarbonate
- Fascia or wall fit
- Sturdy 38 x 25mm support arms
- Suitable for windows / door coverings or as a patio cover

# SUNBLINDS

A1 Canvas Blinds offer protection from the harsh Australian sun. Sunblinds cool your home, protecting carpets and furniture from fading whilst adding value to your property.

We have a design & style to suit all homes. Ask about our exclusive range of Melbourne made Brella and Defab awning fabrics.

## Operation methods:

**Sunblind** - The traditional blind supported by side arms & guides.

**Motorised** - For ease of operation. Ideal for difficult to get to, high or large windows. We offer switch or remote installed by our 'A' grade electrician. All our motorised blinds are fitted with Somfy motors.

**Crank** - This manual operation uses a crank handle to wind the blind up/down, it can be used with zinc coated steel guides, wire guide or strapped down at the bottom.

**Wire Guides** - Available in crank or motorised this option gives a clear unobtrusive look to compliment your home.

**Recloth** - Are the fittings of your blinds still in good condition? Why spend money on unnecessary parts when replacing the material is all that is required.

# AWNINGS

An ideal way to protect your window or door while adding an elegant look to your home.

## We offer two styles:

The Dutch Awning is the more traditional awning style. This awning offers protection from the sun and rain without completely covering the window and is ideal for protection over doorways.

The Bow Awning is semi circle shaped and adds the perfect look over rounded doors and windows.

## Over 100 colours and patterns

We have a wide range of colours and materials to choose from including Canvas, Acrylic, Sunscreen and PVC.

All awnings are custom made to ensure you get the best look and fit for your home.

## TESTIMONIALS

To whom it may concern,

On Monday the 17th October 2016 we had dual roller blinds installed in our home by your company. From the initial meeting with Michael your salesman we were impressed by the way he represented your company. There was no hard sell and nothing was too hard. We have been saving up a while to get blinds and your magnificent product has made us so happy. We have made sure to show off the product on our social media pages. Finally the installer Sammy was a God sent. Nothing was too difficult for this man. He did a magnificent job and made sure everything was just right. We will ensure to promote your company because you deserve to be promoted.

Yours Truly,

*Vince Vomero*

Hi A1 Blinds,

I would like to thank you all for my beautiful blinds, they look fabulous, and I love them, also thanks for getting them made quickly, and thank you to Shaun for getting them up. He did a great job and so fast.

Regards,

*Trish Menlan*

To A1 Blinds,

I would just like to thank you all at A1 for the great service provided, beautiful friendly staff to deal with and the opportunity to purchase our lovely new blinds at your great discount rate.

We have passed on to friends that they would be silly to shop elsewhere.

Thank you once again. Cheers,

*Cillian Harper*

Dear Sir,

I have tried other companies in the last couple of years but have not pursued as I have felt no confidence whatsoever in the representatives so imagine my delight when I realised I had chanced upon a company with representatives who know their stuff inside and out. It was a happy day indeed!

Kind regards,

*Margaret Brooke*
